

4 Great Things:

Catholicity / Fr. Nick March

Small Class Sizes

Academic Excellence

Family Atmosphere

Fr. Nick March is great for our school because having a priest who is willing to be present to the students gives them a deepened sense of being in a Catholic school.

Small class sizes allow our students-faculty to foster meaningful relationships while also providing the 1:1 experiences our students need in order to meet their diverse needs in/out of the classroom.

St. Patrick School prioritizes the academic excellence of its students. Because of this, our students become life-long learners who use their Catholic school backgrounds to impact their environments in a multitude of ways. We also encourage technology integration into the classroom as much as possible. Doing so allows our students to take initiative and demonstrate their learning in different ways.

St. Patrick School includes opportunities for parents and extended family to participate in school celebrations to include Open House, School Mass, VIP Day, Catholic Schools Week, Gala, Book Fair, Mardi Gras, Concerts, Plays, etc.
