Megan Thomas

Number of years an active member of the parish:

My entire life.

Service in parish (school) community:

I was involved in bringing back the Fish Fry event in 2019, I have been a children's liturgy teacher in the past, I volunteer for many parish events and currently am involved in the school PTO.

Hopes for the parish:

My hopes for the school are for it to continue to be a welcoming place for children to receive quality education. I would like to see our enrollment numbers increase and most importantly see our current parish families take advantage of our wonderful school.

I am willing to run for this position because:

I am willing to run for this position because I attended this school through my elementary years and had memorable experiences and that is my goal for not only my children but every child who steps through those doors. If I can help make that happen in any way, then I plan to do so.

Jeff Thomsen

Number of years an active member of the parish:

10 years

Service in parish (school) community:

I have not had any official roles in the parish or school but have volunteered to help at numerous events

Hopes for the parish:

My hope for the school is that it continues to be a viable source for education in the Anamosa Area. I would love for enrollment to increase so more families see the benefits of a Faith based education.

I am willing to run for this position because:

I am running for school board because I currently have 3 kids at St. Pat's and 2 more that will be attending. I feel compelled to be involved in their education. I simply want the best for them and their schoolmates.

When others see us living in the faith and sharing it, we will keep growing membership in the parish.

I am willing to run for this position because now that I have been confirmed in the faith, I am eligible to serve the church on a larger scale by taking part in parish committees.
